### **Prospectives of Public Life in Al-Hariri's "Maqamat"**

*Khaled M. Al-Mezyed \**

#### **ABSTRACT**

This article tackles some prospectives of public life in Al-Hariri's "Maqamat". Some of these prospectives are:

- The importance of money for good life.
- Poverty and its negative effects on the life of people.
- The poverty of scientists and their begging in order to survive.
- Some beliefs of people in that era.
- Parties and singing gatherings.
- Kinds of food, drinks and sweets in these parties.
